

CAP

COE EVALUATION

CANDIDATE TECHNICAL SCORECARD

Aarav Mehta

Decision-ready evidence from correctness, execution, and code quality.

Generated 27 Jun 2026, 10:25 UTC

CANDIDATE Aarav Mehta	EMAIL aarav.mehta@example.com	LANGUAGE Python 3	ASSESSMENT RANK #1
--------------------------	----------------------------------	----------------------	-----------------------

01

Score composition

FINAL SCORE 98.2%	HIDDEN TESTS 100.0%	CODING METRICS 100.0%	AI QUALITY 91.0%
HIDDEN CASES 4/4	RUNTIME TOTAL 410 ms	PEAK MEMORY 31.2 MB	TIME TAKEN 15m 0s

02

Code quality review

Approach	Structured approach.
Readability	Readable.
Maintainability	Maintainable.
Complexity	Time: O(n) Space: O(1)

STRENGTHS

- Simple

WATCH AREAS

- No specific signal recorded.

IMPROVEMENTS

- No specific signal recorded.

03

Question evidence

Each section contains the submitted source and the hidden-case evidence used for scoring.

QUESTION 01

Array Balancer

100.0%

CASES PASSED	POINTS	LANGUAGE	MANDATORY
4/4	4.0/4.0	Python 3	Passed

Hidden test-case results

Case	Result	Verdict	Runtime	Memory	Points	Required
case_1	Passed	Accepted	101 ms	31.2 MB	1	Yes
case_2	Passed	Accepted	102 ms	31.2 MB	1	No
case_3	Passed	Accepted	103 ms	31.2 MB	1	No
case_4	Passed	Accepted	104 ms	31.2 MB	1	No
